The Douglas County School District (the "District") provides District transportation for students to and from a great many activities, events, matches and games. However, the District is unable to provide District transportation in all circumstances and to all events. When District transportation is not available, it is the student's parent's/guardian's responsibility to provide or arrange for their student's transportation to and from the event.

When District transportation is not available and other alternative forms of transportation are utilized, the District cannot and does not assume any responsibility for the safety, training of drivers, condition of vehicles, adequacy for the use or purpose intended or any other matters related to any non-District transportation.

Therefore, we, the undersigned parent/guardian and student, hereby acknowledge, agree and understand that the District does not insure, endorse, approve or sponsor any form of non-District transportation, whether by parents, students or otherwise, to and from District off-campus activities or events. We further acknowledge it is our responsibility to provide or arrange for our/my child's transportation to District events when District transportation is not available. As such we consent to our child's use of alternative means of transportation, including private vehicles driven by parents, and, if applicable, consent to our child's use of a vehicle to transport himself/herself to off-campus events. We hereby waive, release, discharge and agree to hold harmless and indemnify the District, its agents, employees, insurers and Board of Education, from any claim, cause of action, damage, injury, or demand of any nature, including bodily injury, property damage or death, arising from or sustained during or as a result of my/our child's utilization of or participation in any non-District transportation, whether furnished by us, our student, parent or otherwise.

Transportation Awareness  
Site Management and Consent**

The Douglas County School District (the "District") provides District transportation for students to and from a great many activities, events, matches and games. The nature of these sports, needing off-campus practice and meet sites, limits the district's capacity to bus on every occasion. In such instances, whether for practices or scheduled meets, it is the responsibility of the parent/guardian of the student to arrange the student's transportation to and from the event. The school district will not assume responsibility for the supervision, safety or adequacy of non-school district furnished transportation.

Be further advised that the school district personnel may not supervise certain golf practices, matches and tennis practices. Participation in the practices or matches rest with the student and their parent/guardian. The school district will not assume responsibility for the student's conduct or safety in connection with these practices and/or matches.

As a student participant in the Douglas County Schools golf, cross country, gymnastics, swim/dive, and/or tennis programs, I recognize the dangers associated with the issues described and I agree to assume the risk involved while participating.
